

RETAIL ORDER GUIDE - 2026 MODEL YEAR 1969 MUSTANG® BOSS® 429 2+2 FASTBACK

Ford® introduced the Boss 429 for the 1969 model year to provide an additional performance halo to Mustang while also homologating the 429 cubic inch, hemispherical combustion V8 engine for NASCAR®. Only 1,358 Boss 429s were produced during 1969 and 1970, although the Boss 429 engine continued as a competitive racing engine well into the mid-1970s. Due to its uniqueness and exclusivity, the Boss 429 is today one of the Mustang models most sought after by collectors.
